

Passover

‘Dad, why is this year different
from all other years?’

1

In all other years, we ate
either protein or starch.
Why in this year did we eat
only starch?

**“One in four British adults
are cutting back on meat
amid cost of living crisis”**

(Independent, Aug 2022)

An illustration from a behind-the-back perspective showing a man and a young child walking hand-in-hand on a sandy beach. They are facing two massive, curling blue waves with white foam. The man is wearing a grey long-sleeved shirt, dark blue pants, and a blue cap. The child is wearing a green long-sleeved shirt, blue pants, and a blue cap. A large white thought bubble originates from the child, containing the text. Two smaller white circles trail behind the child, suggesting movement. The sky is a pale blue with stylized white clouds.

2

In all other years, you
bought all kinds of treats.
Why in this year are you
dividing your lunch
between us?

**“Cost of Living Crisis: Parents
tighten their belts with fewer trips
and treats for children”**

(Daily Mail, 2022)

3

In all other years, you did not need to dip into your savings. Why in this year did you do so twice?

**“Parents are dipping into savings to help
with living costs – and it could leave them
short in the future”**

(Independent, Nov 2022)

4

In all other years, we went away on holiday. Why in this year did we have to stay home?

**“Cost of living to impact almost
half of people’s holiday plans”**

(Travel weekly, 2022)
